## ZINGER WOOD PROPELLERS

- Extra-rigid wood props offer super stiffness for maximum thrust.

Balanced twice for premium performance, Zinger's fuelproofed 2-blade props feature a constant-pitch airfoil section along the entire length of the blade, for maximum efficiency in flight. Carved from maple for classic looks and distortion-resistant strength, Zinger props are available in diameters that range from 11-26" in size, and specialty models that include **Pusher** props ("P" before manufacturer number) for airboats and rear-engine aircraft, and ultra-high efficiency **Pro** props ("Z" before manufacturer number) for advanced competitors.
