

BUILD-IT™ CA GLUES

CA the right way — from Tower Hobbies!

- Three formulas, plus Debonder and Activator!

The CA formulas you need to build strong, straight structures! All-purpose thin CA has the power to penetrate porous materials and create strong bonds instantly. Medium CA+ gives you 10-15 seconds to position parts perfectly, and a thicker formula for filling gaps and creating fillers. Super-thick

CA- stretches cure time out to 1-2 minutes, to provide maximum bonding strength in high-stress areas. But when you need sure cures quicker, reach for **Activator**. It sprays on and accelerates the cure time of any CA formula without reducing bond strength. Available in a pump spray, and a **Refill**. Ideal for clean-up. **Debond**er does the big job of dissolving CA glue, and reduces it to an easily disposed-of paste. All items (except 8-oz. Refill) available in 2-oz. bottles. Replace clogged Build-It CA caps with **CA Glue Replacement Tips**, sold singly.

Stock #	Description	Retail	Tower
TOWR3800	Build-It CA Thin Glue 2 oz.	\$8.99	\$5.99
TOWR3801	Build-It CA+ Medium Glue 2 oz.	8.99	5.99
TOWR3802	Build-It CA- Thick Glue 2 oz.	8.99	5.99
TOWR3803	Build-It Debonder 2 oz.	5.49	3.99
TOWR3804	Build-It Activator 2 oz. w/Pump	5.49	3.99
TOWR3805	Build-It Activator Refill 8 oz.	8.99	5.99
TOWR3812	CA Glue Replacement Tip (1).....	.69	.65

BUILD-IT™ EPOXIES

- 4 oz. set offers no-waste economy for ARF assembly.
- Squeeze-bottle application and storage ease.

ARFs require less time, less effort and less adhesive than kits — but the same bonding power. That's why Tower Hobbies offers economical 4-oz. sizes of its **6-Minute Epoxy** and **30-Minute Epoxy**. They include 2 oz. each of resin and hardener — and like Tower Hobbies 9 oz. sets, the soft plastic bottles are marked with measuring lines, for easy, no-waste mixing. Use what you need, recap — and the bottles are instantly ready for safe, stable storage. Ideal for use on wood or fiberglass parts, 6-Minute Epoxy cures to a clear, sandable, fuelproof bond in just six minutes. 30-Minute Epoxy works with the same materials, but cures more slowly — great for high-stress areas or applications requiring added repositioning time.

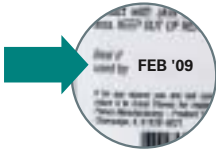

Stock #	Description	Retail	Tower
TOWR3806	6-Minute Epoxy 9 oz.	\$9.99	\$7.99
TOWR3807	6-Minute Epoxy 4 oz.	6.99	4.99
TOWR3810	30-Minute Epoxy 9 oz.	9.99	7.99
TOWR3811	30-Minute Epoxy 4 oz.	6.99	4.99

PRO™ CA GLUE

The only glue good enough to be called "Great Planes."

- Unique "Best If Used By" dated label offers visible proof of freshness.

PRO FOAM-SAFE CA

- In medium and thick formulas, safe for all "foamy" models including Great Planes FlatOuts.

- Use with Pro Foam-Safe Aerosol Activator to speed cure times.

PRO CA

- For fast, strong bonds — all bottles feature extra-long, clog-resistant applicator tips.

- Available in thin (CA), medium (CA+), extra-thick (CA-), and Gel formulas.

PRO EPOXY

- Choose from 6-Minute, 30-Minute, and 45-Minute formulas.

- Cure quickly while providing incredible strength.

PRO ACCESSORIES

- Minimize mess with mixing cups, sticks, and 3/8" epoxy brushes.

- One-ounce cups are graduated in standard and metric units for easy measuring.
